We have many Hispanics moving into our 5 county area: Cherokee, Ida, Plymouth, Lyon and Sioux. Due to the increase in Spanish speaking people we do not have a lot of opportunity to serve this population due to the lack of communication, especially in the recruitment component. I was hoping to receive some help with the written communication material we have at our Head Start/Early Head Start office. This would help somewhat in trying to enroll

these children into our programs and give them a "Head Start" in their future education.
